

ALERT PEST CONTROL COMPANY, INC.

Main Office: 182 School Street, Daly City, CA. 94014

Tel: (650) 756-2225 Fax: (650) 756-2262

Dear Tenants of: tbd _____ :

We have contracted with Alert Pest Control Company to service your apartment and/or complex for the control of **BEDBUGS.**

They will be at your address on tbd _____ tbd _____
Date Time

To insure a safe and thorough service, your cooperation is necessary. The best way to get rid of bedbugs is to make their hiding places accessible for cleaning and treatment. We will treat the infested areas but, to achieve control, we require your help by following the instructions on this sheet

***We will inspect the room(s) before treatment. Treatment may be postponed if these steps are not carried out.**

****\$45.00 charge will apply if appointment is postponed due to not following written instructions on this sheet****

CLEAR THE AREA FOR INSPECTION & TREATMENT:

1. Empty all drawers & cabinets in infested rooms.
2. Remove all items from shelves.
3. Clean the items you removed and place them in clean, sealable containers or plastic bags. *(Nothing leaves the room before it is treated unless it is in a sealed container.)*
4. Remove all storage & clutter from underneath furniture.
5. Furniture will be fully inspected. Make sure to move any furniture 12" from the walls so that treatment and inspection can be done. Sofas need to be turned forward for inspection underneath & apply treatment if needed.
6. Remove birds, dogs, cats or any other pets. For aquariums, make sure to disconnect the pump and cover the top with a towel.

LAUNDRY BEDDING & CLOTHING:

1. Remove all clothing from closets & drawers.
2. Remove all bedding, including the mattress cover if any.
3. Place clothes & bedding in sealed plastic bags until they are laundered according to the following instructions:
 - a.) Wash clothes & bedding in hot water (120 °F) if laundry instructions permit.
 - b.) Dry clothes & bedding on hot setting (120 °F) if laundry instructions permit.***IMPORTANT: dry cleaning may be necessary if laundry instructions require cold or warm water settings.***
4. SEAL laundered clothes & linens in clean plastic bags or containers until bedbugs infestation is brought under control.

VACUUM:

1. Vacuum the infested mattress, (all sides, top & bottom), remove it from the bed frame and stand it on its side for inspection & treatment.
2. Vacuum the box spring, (all sides, top and bottom), and stand it on its side for inspection and treatment.
3. Remove the headboard & footboard and vacuum all cracks & crevices.
4. Vacuum the floor and concentrate on the area where the carpet meets the wall.
5. After all vacuuming, remove the vacuum bag immediately and place it in a sealed plastic bag for disposal.

*You **MUST BE OUT OF THE UNIT FOR FOUR (4) HOURS** and do not to bring any pets back into the treated area. If the tenant has **ANY** respiratory conditions, they **MUST BE OUT OF THE UNIT FOR TWELVE (12) HOURS**. Please remember that in order for the chemical to be more effective, it must dry first.*

You must contact the manager before the service date, as it appears on this notice, if for any reason you will be unable to comply with these instructions. If you have any questions after the service is performed, please contact Alert Pest Control on the number listed above.

Owner must seal all cracks and crevices located in the unit

Your signature below states that you have received this notice at least 24 hours prior to the service.
